BBA-1709L Bio-Balances Algae

BBA-1709L Bio-Balances is a liquid fermentation product, which are of the type to help facilitate and balances the nitrification and denitrification process, thereby creating a safe, healthy probiotic pond environment. **BBA-1709L Bio-Balances** effectively reduces green water, string algae, ammonia, nitrite, nitrate and other nutrients load commonly found in ornamental ponds, water gardening, fresh and salt water aquarium fish tanks.

Advantages:

- Natural treatment of green water & string algae problems in ornamental pond and water gardening.
- Improves sparkling crystal clear pond and improves transparency of pond water.
- Liquefies dead cell of string algae (green water) and left over feed.
- Speeds up the natural process of waste degradation.
- Naturally reduces ammonia, nitrite and nitrate accumulation through natural oxidation.
- Works great in ornamental ponds, water gardening, fresh & salt water aquarium fish tank.
- Safe and beneficial for fish and aquatic plant.
- No residue and environmental friendly component for broader activity spectrum.

Direction for use and application rate:

Initially for green water and string algae treatment:

Apply 25 cc of **BBA-1709L Bio-Balances** formula per 1,000 liter of pond water.

Maintenance:

Apply 10 cc of **BBA-1709L Bio-Balances** per 1,000 liter per week of pond water, spread the solution around the entire surface of the pond or direct into the biofiltration system.

Aquarium:

Apply 5-10 cc of **BBA-1709L Bio-Balances** per 100 liter of tank water.

Check for ammonia, nitrite, alkalinity frequently to determine the correct regularly routine dosages.

Physical characteristics:

Appearance:	Liquid amber with fermented odor.
Effective temperature:	Min. 10, - 60 °C
Effective pH range:	Min. 4 - 10
Optimal pH range:	6.5 - 8.5
Shelf life:	Min. 2 years

Storage condition:

For optimal shelf life, the product is best stored in cool areas under 38°C. Do not direct in sunlight. Keep container tightly closed when the product is not being removed from the container.

Precaution:

See above storage conditions. Keep out of reach of children.

Package size:

30 kg, 100 kg and 220 kg drum.
